MANAGEMENT DISCUSSION AND ANALYSIS

Operating Highlights

The Group's significant investments principally constitute its shareholding interest in Regal Hotels International Holdings Limited ("Regal"), the listed associate of the Company. The significant investments of Regal comprise primarily its ownership and operating interests in the five Regal Hotels in Hong Kong and the investment in the jointly controlled Regalia Bay development. The performance of Regal and its operations during the period under review, their future prospects, the commentary on the local hotel industry and changes in general market conditions and their potential impact on the operating performance of Regal as well as the progress and prospects on the Regalia Bay development are contained in the sections above headed "Review of Operations" and "Outlook".

A detailed review of the other business operations and outlook of the Group is also contained in the sections headed "Review of Operations" and "Outlook" above.

Cash Flow and Capital Structure

Net cash outflow from operating activities during the period under review amounted to HK\$3.8 million (2005 - HK\$12.2 million). Net interest payment for the period amounted to HK\$1.8 million (2005 - HK\$25.8 million).

During the period under review, there was no change in the capital structure of the Company.

Assets Value

Regal's five hotel properties in Hong Kong are now stated at cost less accumulated depreciation and amortisation on the hotel land and buildings. Consequently, adjustments have been made retrospectively to the interests of the Group held in Regal to reflect the fair value of Regal's hotel properties in 1993 when the Group initially acquired Regal as a subsidiary.

Borrowings

As at 30th June, 2006, the Group's gross borrowings net of cash and bank balances amounted to HK\$67.7 million (31st December, 2005 - HK\$66.7 million). Gearing ratio based on total assets of HK\$3,781.0 million (31st December, 2005 - HK\$3,523.4 million) was 1.8% (31st December, 2005 - 1.9%). However, based on the proforma total assets of HK\$7,221.8 million as at 30th June, 2006 (31st December, 2005 - HK\$6,992.8 million), as adjusted for the revaluation surplus relating to the hotel properties as aforesaid, the gearing ratio would be 0.9% (31st December, 2005 - 1.0%).

Details of the Group's pledge of assets and contingent liabilities are shown in notes 14 and 15, respectively, to the condensed consolidated financial statements.

Information in relation to the maturity profile of the borrowings of the Group as of 30th June, 2006 has not changed materially from that disclosed in the most recently published annual report of the Company for the year ended 31st December, 2005.

Material Acquisitions or Disposals of Subsidiary Companies or Associates

During the period under review, there were no material acquisitions or disposals of subsidiary companies or associates of the Company.

Save as otherwise disclosed in the sections above headed "Review of Operations" and "Outlook", the Group has no immediate plan for material investments or capital assets.

Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Property development projects are financed partly by internal resources and partly by bank financing. Project financing is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the loan maturity tied in to the estimated project completion date.

As the Group's borrowings are all denominated in Hong Kong dollar currency, being the same currency in which the Group's major revenues are derived, and with interest primarily determined with reference to interbank offered rates, the use of hedging instruments for currency or interest rates purposes is not considered to be necessary.

Staff benefits plans maintained by the Group include a mandatory provident fund scheme as well as medical and life insurance.

With a view to providing long term incentives, the Company maintains a share option scheme named as "The Paliburg Holdings Limited Share Option Scheme", under which share options have been granted to selected eligible persons.
