Chairman's Statement

Dear shareholders,

I am pleased to present the Interim Report of the Company for the six months ended 30th June, 2010.

FINANCIAL RESULTS

For the six months ended 30th June, 2010, the Group achieved an unaudited consolidated profit attributable to shareholders of HK\$230.6 million, an increase of about 87% as compared with the profit of HK\$123.3 million recorded in the last corresponding period.

As at the half year end date, the Company beneficially held approximately 59.1% of the issued shares of Paliburg Holdings Limited, the listed subsidiary of the Group. Paliburg held approximately 49.0% of Regal Hotels International Holdings Limited that, in turn, owned approximately 74.3% of the issued units of Regal Real Estate Investment Trust, which is accounted for as an associate of Regal. Same as in prior years, supplementary information on the Group's net assets position, compiled on an adjusted basis to more fairly reflect the share of net assets attributable to the interests held by Regal in Regal REIT, is provided in the section headed "Management Discussion and Analysis" below.

DIVIDEND

The Directors have declared the payment of an interim dividend of HK0.4 cent (2009 – HK0.3 cent) per ordinary share for the financial year ending 31st December, 2010, absorbing an amount of approximately HK\$9.6 million (2009 – HK\$6.9 million), payable to holders of ordinary shares on the Register of Ordinary Shareholders on 15th October, 2010.

The Register of Ordinary Shareholders will be closed from Wednesday, 13th October, 2010 to Friday, 15th October, 2010, both days inclusive, during which period no transfers of ordinary shares will be effected. In order to qualify for the interim dividend, all transfers of ordinary shares and/or subscriptions of the outstanding 2011 warrants of the Company, duly accompanied by the relevant certificates together with, where appropriate, the relevant subscription moneys, must be lodged with the Company's branch registrar in Hong Kong, Tricor Tengis Limited, no later than 4:00 p.m. on Tuesday, 12th October, 2010. The relevant dividend warrants are expected to be despatched on or about 28th October, 2010.

BUSINESS OVERVIEW

The Group continues to input strenuous efforts to explore new business opportunities with a view to diversifying and expanding its investment portfolio, but due to the very low interest rate environment, competitions for favourable investment opportunities are keen. However, in view of the volatile global financial market, the Group has adopted a more prudent approach in pursuing business expansions. Although some of the potential deals are still in discussions, the progress in this respect has been relatively slow.

In addition to the shareholdings held in Paliburg, the Company also owns warrants issued by Paliburg which are exercisable into approximately 59.5 million Paliburg shares at a price of HK\$2.1 per Paliburg share before 8th November, 2010. If all the outstanding warrants of Paliburg, including those held by the Company, are exercised, the Company's shareholding interest in Paliburg will be maintained at approximately 58.5% of the enlarged issued share capital of Paliburg.

During the period under review, the various listed entities within the Century City Group have all attained satisfactory progress and their respective financial results and business reviews are set out below.

PALIBURG HOLDINGS LIMITED

For the six months ended 30th June, 2010, Paliburg achieved an unaudited consolidated profit attributable to shareholders of HK\$400.1 million, which represents an increase of about 146% over the HK\$162.3 million attained in the comparative period last year. The increase in the profit achieved was principally derived from the fair value gains on the financial assets as well as the enhanced profit contribution from Regal.

PROPERTIES

The Paliburg group has a 30% joint venture interest in Larvotto, a luxury residential development project at Ap Lei Chau Inland Lot No.129, which has a very low carrying investment cost. The project has a total gross floor area of about 913,000 square feet, comprising 9 residential towers with 715 residential apartments and certain commercial areas on the ground floor, complemented with club house and car parking facilities. Presale of the apartments units commenced in July 2010 and has been very well received. So far, about 640 residential apartment units have been presold for an aggregate sale consideration exceeding HK\$14 billion. The construction works are well in progress and the development is expected to be completed within the first quarter of 2011. Very substantial cash flow and profits are expected to be derived from the Paliburg group's interest in Larvotto, which will be received and accounted for in 2011 when the agreements for the sale and purchase of the apartment units presold are completed.

The Paliburg group is retaining 25% equity interests in Regal iClub Building at No.211 Johnston Road in Wanchai, with the 75% interests having been sold to Regal REIT in October last year. Due to the encouraging performance of the Regal iClub Hotel since its opening in December 2009, the remaining ten office floors in the building are being converted into another 49 guestrooms and suites, anticipated to be completed later this year. The property is currently leased to the Paliburg group for property leasing and hotel operation business and the lease will expire at the end of this year. The Paliburg group has granted an option to Regal REIT to acquire the Paliburg group's remaining 25% equity interests on pre-agreed terms, which is exercisable by Regal REIT during the period from 1st November, 2010 to 28th February, 2011.

As regards the joint development project in the Central Business District in Beijing, which is owned through an associate 50%-owned by each of the Paliburg group and the Regal group, the overall situation remains very complicated and difficult. The Paliburg group and the Regal group have endeavoured to take all necessary steps to safeguard the interests held in the project, but the outcome of the different circumstances relating to outstanding litigations, ownership disputes and land development rights affecting the project is still uncertain. Further information on this project is contained in the section headed "Management Discussion and Analysis" below.

CONSTRUCTION AND BUILDING RELATED BUSINESSES

The Paliburg group operates a comprehensive range of construction and other building related businesses which, apart from offering services to third party clients, are providing key support to the needs of the Paliburg group as a whole. While the construction industry in Hong Kong continues to be very competitive, the Paliburg group has recently diversified into the business of providing LED lighting works for buildings, which has high growth potential.

OTHER INVESTMENTS

The Paliburg group holds a substantial portfolio of investments in financial assets, including the shares in China Pacific Insurance (Group) Co., Ltd. previously acquired as one of the cornerstone investors in its IPO last year. Apart from the 16.8% shareholding interest held in Cosmopolitan International Holdings Limited, the Paliburg group also owns a significant amount of the convertible bonds issued by the Cosmopolitan group. As the market price of the shares of Cosmopolitan as at 30th June, 2010 was much higher than that prevailing at the last year end date, the Paliburg group has derived substantial fair value gains from the investments in Cosmopolitan, which have been reflected in the results for the period under review.

Chairman's Statement (Cont'd)

REGAL HOTELS INTERNATIONAL HOLDINGS LIMITED

For the six months ended 30th June, 2010, Regal achieved an unaudited consolidated profit attributable to shareholders of HK\$385.3 million, an increase of about 162% as compared to the profit of HK\$147.2 million recorded in the corresponding period in 2009. The increase in the profit achieved was largely attributable to the fair value gains on the financial assets and investment properties held by the Regal group.

HOTELS

During the period under review, total number of visitors to Hong Kong reached approximately 16.9 million, which represents an increase of 23% year-on-year and is a new record for visitor arrivals in the first half of a year. Though visitors from all major markets recorded growth, the increase in the number of travellers from China and the Asian region was most noticeable. Visitors from the Mainland alone during this period surpassed 10 million and accounted for over 62% of the total count.

Benefited by the surge in visitor arrivals, the hotel industry in Hong Kong performed rather satisfactorily in the period under review, particularly as compared with the relatively weak performance in the corresponding period last year. Due to the lack luster economic condition prevailing in the United States and Europe, businesses from the long haul markets are still being affected. This has negatively impacted on the performance of Regal Airport Hotel, as its clientele has been principally targeted towards the individual travellers and long haul markets. The Regal Airport Hotel has adjusted its business strategy to adapt to the changing demand profile, aiming to enhance its occupancy level and gross hotel revenue. Meanwhile, due to the temporary closure of some hotel rooms to accommodate the undertaking of upgrading works, the businesses at Regal Hongkong Hotel, Regal Kowloon Hotel and Regal Riverside Hotel have also been affected during the period under review. Nevertheless, the five Regal Hotels in Hong Kong have on the whole managed to achieve satisfactory performance in the first half of 2010, with aggregate net property income having increased by 17% as compared with that attained in the corresponding period last year.

However, as the present rental package for the leasing of the five Regal Hotels in Hong Kong was fixed at the time of the separate listing of Regal REIT when the hotel market in Hong Kong was relatively buoyant, the income derived from the operation of the five hotels was still below the level of rental payable, which has affected the profit performance of the Regal group.

The current leases of the five hotels will last until 31st December, 2015 but the yearly rental packages are fixed only up to the end of this year. For the year 2011 and onwards, the rental package will be determined on a yearly basis by an independent property valuer to be jointly appointed by Regal REIT and the Regal group. In this regard, an independent property valuer has been appointed to conduct the market rental review for the year 2011 and the rental review process will be completed before 30th September, 2010.

As the lessee operator and hotel manager, the Regal group has procured continual upgrading of the five Regal Hotels in Hong Kong, ranging from hotel guestrooms and suites, executive floors, dining venues, ancillary facilities, to IT enabled operating systems. To supplement this product revamp programme, the Regal group has itself committed substantial capital and human resources to enhance its marketing platform and reservation network.

On the hotel management front, the next Regal managed hotel to come on stream will be the Regal Kangbo Hotel in Dezhou, Shandong. This 215-room five-star hotel is expected to be soft opened next month and will be the fifth hotel managed by the Regal group in China. The contract for the Regal group to provide management services to a hotel with service apartments offering a total of 282 units in Waigaoqiao Free Trade Zone in Pudong, Shanghai will soon be concluded and the property is scheduled to be soft opened within the next quarter under the name of Regal Plaza Hotel & Residence. Meanwhile, the Regal group is also conducting negotiations on a number of new hotel management contracts and it is anticipated that certain of these potential contracts would be finalised shortly.

The Regal iClub Hotel in Wanchai, which is 75% owned by Regal REIT and 25% owned by the Paliburg group, is also managed by the Regal group. The hotel was opened in December 2009 and has been very well received. This chic and trendy business model has proven to be popular with business travellers and could well be the prototype for further expansion in other suitable locations.

REGAL REAL ESTATE INVESTMENT TRUST

Regal REIT presently owns the five Regal Hotels in Hong Kong as well as the 75% interest in the Regal iClub Building in Wanchai.

For the six months ended 30th June, 2010, Regal REIT attained an unaudited consolidated net profit before distribution to its unitholders of approximately HK\$308.2 million, as compared to the profit of HK\$187.5 million recorded in the corresponding period in 2009. Based on the market valuations conducted as at the half year end date, there was an increase of approximately HK\$104.5 million in the fair values of Regal REIT's investment properties portfolio. This valuation increase has contributed positively to the comparatively higher profit achieved by Regal REIT for the period under review. Distributable income available for distribution to unitholders of Regal REIT for the period amounted to approximately HK\$299.6 million, as compared with HK\$280.5 million for the comparative period last year, equivalent to approximately HK\$0.093 per unit (six months ended 30th June, 2009 – HK\$0.092 per unit).

Regal Portfolio Management Limited, a wholly-owned subsidiary of Regal, acts as the REIT Manager of Regal REIT and received fees for the period in an aggregate amount of HK\$34.3 million, a majority part of which was settled through the issue of new units by Regal REIT.

PROPERTIES

The property market in Hong Kong during the period under review has been very active and buoyant, particularly in the residential sector. While the HKSAR Government has recently introduced measures to curb short term speculations in the presale of residential units, this should on the whole be beneficial to the development of a healthy and stable property market in the long run.

Apart from the 2 connected houses which have been contracted to be sold, the Regal group retains a total of 21 houses in the luxury residential development in Regalia Bay, Stanley, some of which are being held as investment properties. Based on the market valuations conducted as at the half year end date, the fair value gains attributable to those houses held as investment properties have been reflected in the interim results under review. Given the very limited supply, luxury properties in traditional high end residential areas will remain in great demand. The Regal group will continue to lease out some of the retained houses in Regalia Bay for rental income and will consider releasing certain houses for sale from time to time when the price offered is satisfactory.

In China, the development works at the composite development project in Chengdu, which is 50% owned by each of the Regal group and Cosmopolitan group, are progressing. The marketing programme is still under review and the launching of the units presale for the first stage of the development project has been rescheduled to the first half of 2011.

As referred to above, Regal group is the joint venture partner of the Paliburg group with respect to the investment in the development project in the Central Business District of Beijing held through the 50%-owned associate.

Chairman's Statement (Cont'd)

OTHER INVESTMENTS

Apart from the portfolio of listed securities, including the shares in China Pacific Insurance (Group) Co., Ltd. previously acquired as one of the cornerstone investors, the Regal group holds for strategic purpose significant investments in Cosmopolitan, comprising principally convertible bonds issued by the Cosmopolitan group. As the market price of the Cosmopolitan shares has increased since the last year end date and, as at 30th June, 2010, was much higher than the prevailing conversion price under the convertible bonds issued by the Cosmopolitan group, the increase in the fair values of such convertible bonds held by the Regal group has also contributed substantially to the results of the Regal group for the period under review.

OUTLOOK

REGAL GROUP

Based on present forecasts, the performance of the Regal Hotels in Hong Kong in the second half of this year, which includes the traditional high season for the hotel industry, is expected to surpass that achieved in the first half. Looking further ahead on a broader scale, the further relaxation of travel restrictions on individual visitors from the Mainland, the development of Hong Kong as the Offshore Renminbi Centre and the continual integration of Hong Kong with the Pearl River Delta regions should help bring the tourist industry in Hong Kong to new heights. Although global economies could still be volatile, the Regal group as a whole remains confident of the prospects of the hotel industry in Hong Kong.

The retained houses at Regalia Bay represent valuable investments with strong potential for capital appreciation in the long term. Moreover, the Regal group's overall financial position is very strong with substantial cash resources and the Regal group is well-poised to capture any appropriate investment opportunities that may arise.

PALIBURG GROUP

The Paliburg group is presently debt free and with the very substantial cash inflow expected to be generated from the Larvotto joint development project in 2011, the financial position of the Paliburg group will be greatly enhanced. The Paliburg group is actively planning to replenish its property development and investment portfolio, both in Hong Kong as well as in China.

CENTURY CITY GROUP

As the ultimate holding company of the Century City Group, the Company will seek to diversify into new businesses with high growth potential and, at the same time, will also consider undertaking new investments that would be complementary and beneficial to the existing businesses of the Group companies.

Having now established a very solid foundation, the Directors are confident that the Group will be able to implement business expansion plans that will create long term value for shareholders.

Management Discussion and Analysis

BUSINESS REVIEW

The Group's significant investments and principal business activities mainly comprise property development and investment, construction and building related businesses and other investments including, in particular, its interests in Regal Hotels International Hotels Limited ("RHIHL"), the listed associate of the Company, which are held through Paliburg Holdings Limited ("PHL"), the listed subsidiary of the Company. The operating results of PHL during the period and its business prospects are contained in the preceding Chairman's Statement.

The significant investments and business interests of RHIHL comprise the hotel operation and management businesses, the investment in Regal Real Estate Investment Trust ("Regal REIT") (the listed associate of RHIHL), the asset management of Regal REIT, property development and investment, including the interest in the retained houses in Regalia Bay in Stanley, and other investment businesses. The performance of RHIHL's hotel, property and other investment businesses as well as that of Regal REIT during the period under review, the commentary on the local hotel industry and changes in general market conditions and the potential impact on their operating performance and future prospects are also contained in the Chairman's Statement.

As disclosed in an announcement of the Company dated 13th August, 2010, the Company has been served with a Writ of Summons issued by The New China Hong Kong Group Limited (in Creditors' Voluntary Liquidation) and The New China Hong Kong Development Limited (in Creditors' Voluntary Liquidation) (together, the "Plaintiffs") against, amongst others, the Company, Century City BVI Holdings Limited ("CCBVI", a wholly-owned subsidiary of the Company) and Mr. Kenneth Ng Kwai Kai, a Director of the Company, seeking to, inter alia, challenge the validity of certain transactions related to the disposal of assets by the Plaintiffs to a then subsidiary of the Company back in 1998 and claim for damages suffered thereby. The Company and CCBVI, having obtained counsel's advice, have been taking steps to strike out the Plaintiffs' claims. The Company was informed by Mr. Kenneth Ng that he would also be taking similar steps to strike out the claims made against him by the Plaintiffs. In any event, the Company and CCBVI will vigorously contest the claims and take all steps as they consider appropriate to defend themselves against such claims.

With respect to the joint development project in the Central Business District in Beijing, PRC and as previously reported in the annual report of the Company for the year ended 31st December, 2009, an associate that is 50% owned by each of the PHL group and the RHIHL group, which presently holds 59% shareholding interest in the Sino-foreign joint venture entities (that, in turn, own the development project), was engaged in arbitration proceedings conducted in Beijing, involving claims against the associate by the vendor for the rescission of the contracts entered into between the parties in 2005 for the purchase by the associate of 36% shareholding interest in the joint venture entities. Although the relevant court rejected the petitions made by the associate for setting aside the unfavourable arbitral awards, the associate is still resorting to other available legal means to safeguard the aforesaid 36% shareholding interest and to pursue its legal rights against the vendor. On the other hand, the joint venture entities are encountering various difficult issues including shareholders' disputes, lawsuits raised by the Chinese joint venture partner and a third party, and outstanding issues relating to the land development rights of the project. The associate and the joint venture entities are in discussions with the Chinese joint venture partner and the relevant government authorities in an attempt to resolve the abovementioned issues. The final outcome of these different situations is uncertain, but the PHL group will together with the RHIHL group closely monitor any new developments for any responding actions required.

FINANCIAL REVIEW

CAPITAL AND FUNDING

Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Property development projects are financed partly by internal resources and partly by bank financing. Project financing is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the loan maturity tied in to the estimated project completion date.

Management Discussion and Analysis (Cont'd)

As the Group's banking facilities were all denominated in Hong Kong dollar currency, being the same currency in which the Group's major revenues are derived, and with interest primarily determined with reference to interbank offered rates, no hedging instruments for currency or interest rates purposes have been deployed during the period under review.

Cash Flow

Net cash flows used in operating activities during the period under review amounted to HK\$183.9 million (2009 – net cash flows from operating activities of HK\$20.0 million). Net interest receipt for the period amounted to HK\$0.9 million (2009 – HK\$0.7 million).

Borrowings

As at 30th June, 2010, the Group had cash and bank balances and deposits of HK\$210.7 million and no borrowings (31st December, 2009 – HK\$366.3 million and no borrowings).

Information in relation to the contingent liabilities of the Group as of 30th June, 2010 has not changed materially from that disclosed in the most recently published annual report of the Company for the year ended 31st December, 2009 (the "2009 Annual Report"). Details of the Group's pledge of assets, which have not changed materially from that disclosed in the 2009 Annual Report, are shown in note 13 to the condensed consolidated financial statements.

Share Capital

During the period under review, a total of 40,986 new ordinary shares of the Company were allotted and issued to the holders of the 2011 Warrants of the Company ("2011 Warrants") who exercised the subscription rights in an aggregate amount of HK\$40,986.40 attaching to the 2011 Warrants at the adjusted subscription price of HK\$1.00 per ordinary share.

Up to the date of this report, a total of 25.2 million new ordinary shares of the Company have been allotted and issued upon exercise of the 2011 Warrants. As of the date of this report, the aggregate amount of the 2011 Warrants remaining outstanding is HK\$303.2 million, and these outstanding 2011 Warrants are exercisable to subscribe for 303.2 million new ordinary shares of the Company at the prevailing adjusted subscription price of HK\$1.00 per ordinary share (subject to adjustment).

ASSET VALUE

Based on the condensed consolidated statement of financial position as at 30th June, 2010, the unaudited book net asset value of the ordinary shares of the Company was HK\$1.52 per share. Such book net asset value has been significantly affected by the elimination in the books of RHIHL of its unrealised gain on the disposal of the subsidiaries owning the hotel properties to Regal REIT in 2007 against the interest held by RHIHL in Regal REIT as well as the sharing by RHIHL of the fair value loss on the hotel properties held by Regal REIT for the year ended 31st December, 2008. The interest held by RHIHL in Regal REIT represented one of RHIHL's most significant investments but, as at 30th June, 2010, such interest was only stated at a value of HK\$218.7 million.

Management Discussion and Analysis (Cont'd)

In order to more fairly reflect the underlying net asset value of the Group, management of the Group considers it appropriate to also present, for the purposes of reference and ease of comparison, supplementary information on the Group's net assets position, compiled on an adjusted basis to restate the Group's interest in RHIHL based on its adjusted net assets to reflect the share of the underlying adjusted net assets of Regal REIT attributable to RHIHL. Accordingly, on the basis that RHIHL's interest in Regal REIT were to be stated based on the published unaudited adjusted net asset value per unit of Regal REIT of HK\$2.92 as at 30th June, 2010, calculated on the basis that the deferred tax liabilities provided by Regal REIT with regard to the revaluation surplus of its investment properties are added back, the unaudited adjusted net asset value of the ordinary shares of the Company would be HK\$1.88 per share.

	As at 30th June, 2010	
	HK\$'million	HK\$ per ordinary share
Unaudited book net assets after non-controlling interests	3,639.6	1.52
Adjustment to restate the Group's interest in RHIHL on the basis noted above	856.9	
Unaudited adjusted net assets after non-controlling interests	4,496.5	1.88

MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES OR ASSOCIATES

During the period under review, there were no material acquisitions or disposals of subsidiaries or associates of the Company.

Save as otherwise disclosed in the Chairman's Statement, the Group has no immediate plans for material investments or capital assets.

STAFF AND REMUNERATION POLICY

The Group, together with the RHIHL group, employ approximately 2,130 staff in Hong Kong. The Group's management considers the overall level of staffing employed and the remuneration cost incurred in connection with the Group's operations to be compatible with market norm.

Remuneration packages are generally structured by reference to market terms and individual merits. Salaries are normally reviewed on an annual basis based on performance appraisals and other relevant factors. Staff benefit plans maintained by the Group include a mandatory provident fund scheme as well as medical and life insurance.

With a view to providing long term incentives, the Company and PHL maintain the share option schemes named as "The Century City International Holdings Limited Share Option Scheme" and "The Paliburg Holdings Limited Share Option Scheme", respectively, under which share options have been granted to selected eligible persons.

Notes to Condensed Consolidated Financial Statements

1. Accounting Policies

The condensed consolidated interim financial statements have been prepared in accordance with Hong Kong Accounting Standards 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants. The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31st December, 2009, except for the adoption of the following new and revised Hong Kong Financial Reporting Standards (“HKFRSs”), which are effective for the Group’s annual periods beginning on or after 1st January, 2010.

HKFRS 1 (Revised)	<i>First-time Adoption of Hong Kong Financial Reporting Standards</i>
HKFRS 1 Amendments	<i>Amendments to HKFRS 1 First-time Adoption of Hong Kong Financial Reporting Standards – Additional Exemptions for First-time Adopters</i>
HKFRS 2 Amendments	<i>Amendments to HKFRS 2 Share-based Payment – Group Cash-settled Share-based Payment Transactions</i>
HKFRS 3 (Revised)	<i>Business Combinations</i>
HKAS 27 (Revised)	<i>Consolidated and Separate Financial Statements</i>
HKAS 39 Amendment	<i>Amendment to HKAS 39 Financial Instruments: Recognition and Measurement – Eligible Hedged Items</i>
HK(IFRIC)-Int 17	<i>Distributions of Non-cash Assets to Owners</i>
Amendments to HKFRS 5 included in Improvements to HKFRSs issued in October 2008	<i>Amendments to HKFRS 5 Non-current Assets Held for Sale and Discontinued Operations – Plan to Sell the Controlling Interest in a Subsidiary</i>
HK Interpretation 4 (Revised in December 2009)	<i>Leases – Determination of the Length of Lease Term in respect of Hong Kong Land Leases</i>
Improvements to HKFRSs (2009)	Amendments to a number of HKFRSs

Except for HKAS 27 (Revised), the adoption of these new and revised HKFRSs has had no material impact on the Group’s results of operation and financial position. The principal effect of adopting HKAS 27 (Revised) is as follows:

HKAS 27 (Revised) Consolidated and Separate Financial Statements

This revised standard requires that changes in the parent’s ownership interest in a subsidiary that does not result in a loss of control over that subsidiary are accounted for as equity transactions. As a result, the differences between the consideration paid or received and the changes in the non-controlling shareholders’ interest in that subsidiary are recognised directly in equity and attributed to the owners of the parent. The Group has recognised such differences in the capital reserve during the period.

2. Operating Segment Information

For management purposes, the Group is organised into business units based on their products and services and has five reportable operating segments as follows:

- (a) the property development and investment segment comprises the development and sale of properties, the leasing of office and commercial premises and the provision of estate agency services;
- (b) the construction and building related businesses segment engages in construction works and building related businesses, including the provision of development consultancy and project management services, property management and also security systems and products and other software development and distribution;
- (c) the hotel operation and management segment engages in hotel operations and the provision of hotel management services;
- (d) the securities investment segment engages in securities trading and investment businesses; and
- (e) the others segment mainly comprises the provision of financing services.

Management monitors the results of its operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's profit before tax except that certain interest income, finance costs, head office and corporate gains and expenses are excluded from such measurement.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

Current - Hong Kong Charge for the period	0.9	1.4
Deferred tax expense	<u>–</u>	<u>7.8</u>
Total tax charge for the period	<u><u>0.9</u></u>	<u><u>9.2</u></u>

The provision for Hong Kong profits tax has been calculated by applying the applicable tax rate of 16.5% (2009 - 16.5%) to the estimated assessable profits which were earned in or derived from Hong Kong during the period.

Taxes on the profits of subsidiaries operating overseas are calculated at the rates prevailing in the respective jurisdictions in which they operate.

The share of tax charge attributable to associates amounting to HK\$3.0 million (2009 - HK\$1.7 million) is included in "Share of profits and losses of associates" in the condensed consolidated income statement.

Deferred tax expense has been calculated by applying the rate that is expected to apply in the period when the asset is realised or the liability is settled.

Notes to Condensed Consolidated Financial Statements (Cont'd)

8. Dividend

The Directors have declared the payment of an interim dividend of HK0.4 cent (2009 - HK0.3 cent) per ordinary share for the financial year ending 31st December, 2010, absorbing an amount of approximately HK\$9.6 million (2009 - HK\$6.9 million).

9. Earnings Per Ordinary Share Attributable to Equity Holders of the Parent

(a) Basic earnings per ordinary share

The calculation of basic earnings per ordinary share is based on the profit for the period attributable to equity holders of the parent of HK\$230.6 million (2009 - HK\$123.3 million) and on the weighted average of 2,391.8 million (2009 - 2,310.5 million) ordinary shares of the Company in issue during the period.

(b) Diluted earnings per ordinary share

The calculation of diluted earnings per ordinary share for the period ended 30th June, 2010 is based on the profit for the period attributable to equity holders of the parent, adjusted for the decrease in the Group's proportionate interest in the earnings of Paliburg Holdings Limited ("PHL"), the listed subsidiary of the Company and its subsidiaries of HK\$2.1 million assuming all outstanding share options of PHL and the subscription rights attaching to all outstanding warrants of PHL were exercised to subscribe for ordinary shares of PHL at the beginning of the period. The weighted average number of ordinary shares used in the calculation is the same as the weighted average number of ordinary shares in issue during the period, as used in the basic earnings per ordinary share calculation. The exercise prices of the share options of the Company and Regal Hotels International Holdings Limited ("RHIHL"), the listed associate of the Company, and the subscription price of the warrants of the Company outstanding during the period are higher than the average market prices of the respective ordinary shares of the Company and RHIHL and, accordingly, they have no dilutive effect on the basic earnings per ordinary share.

The calculation of diluted earnings per ordinary share for the period ended 30th June, 2009 was based on the profit for that period attributable to equity holders of the parent. The weighted average number of ordinary shares used in the calculation was the aggregate of the weighted average number of ordinary shares in issue during that period, as used in the basic earnings per ordinary share calculation, and the weighted average number of ordinary shares of 81.2 million that would be issued assuming all the 812.4 million convertible preference shares of the Company were converted into 81.2 million ordinary shares of the Company at the beginning of that period. The exercise prices of the share options of the Company, PHL and RHIHL, and the subscription prices of the warrants of the Company and PHL outstanding during that period were higher than the average market prices of the respective ordinary shares of the Company, PHL and RHIHL and, accordingly, they had no dilutive effect on the basic earnings per ordinary share.

Credit terms

Trade debtors generally have credit terms of 30 to 90 days. The Group seeks to maintain strict control over its outstanding debts and overdue balances are reviewed regularly by senior management. In view of the aforementioned and that the Group's exposures spread over a number of counter-parties and customers, the Group has no significant concentration of credit risk.

Included in the balance are amounts due from the Group's associates, a jointly controlled entity of the listed associate and related companies of HK\$3.2 million (31st December, 2009 - HK\$4.1 million), HK\$0.1 million (31st December, 2009 - HK\$0.3 million) and HK\$1.2 million (31st December, 2009 - HK\$2.6 million), respectively, which are unsecured, non-interest bearing and repayable either on similar credit terms to those offered to the major customers of the Group or on demand.

Notes to Condensed Consolidated Financial Statements (Cont'd)

11. Creditors and Accruals

Included in the balance is an amount of HK\$1.1 million (31st December, 2009 - HK\$3.4 million) representing the trade creditors of the Group. The aged analysis of such creditors as at the end of the reporting period, based on the invoice date, is as follows:

	HK\$'million	HK\$'million
Within 3 months	<u>1.1</u>	<u>3.4</u>

Pursuant to the sale and purchase agreement (the "S&P Agreement") completed in October 2009 in connection with the disposal to Regal REIT of 75% equity interest in a then wholly owned subsidiary which owns an investment property through its sole wholly owned subsidiary, Sonnix Limited ("Sonnix"), the PHL Group has, inter alia, granted to Regal REIT an option exercisable by Regal REIT during the period from 1st November, 2010 to 28th February, 2011 to acquire from the PHL Group the remaining 25% equity interest in the subject group.

In addition, PHL has provided a several guarantee in respect of a bank loan of a principal amount of up to HK\$211.0 million made available to Sonnix in the amount proportional to the PHL Group's equity interest in Sonnix. Pursuant to the shareholders' agreement in respect of the subject group, PHL may also provide a several guarantee proportionate to the PHL Group's equity interest in Sonnix in respect of any refinancing of the bank loan with a maximum amount of HK\$250.0 million.

As contemplated under the S&P Agreement, the PHL Group had undertaken to complete at its own costs an asset enhancement programme (the "Asset Enhancement Programme") for the conversion of part of the investment property owned by Sonnix to a 50-room hotel. The Asset Enhancement Programme was subsequently completed in December 2009 at a cost of approximately HK\$30.0 million.

Report on Review of Interim Financial Information

**To the Board of Directors of
Century City International Holdings Limited**
(Incorporated in Bermuda with limited liability)

Introduction

We have reviewed the interim financial information set out on pages 13 to 31 which comprises the condensed consolidated statement of financial position of Century City International Holdings Limited as at 30th June, 2010 and the related condensed consolidated income statement, statement of comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended, and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants.

The Directors are responsible for the preparation and presentation of this interim financial information in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of the interim financial information.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.
